Sponsorship Opportunities

Swing for a cause! Your participation helps us reach our fundraising goal of \$22,500 for the CMMA Foundation, which awards scholarships and grants to youth manufacturing programs in our area. Through these contributions, we foster the next generation of manufacturing professionals.

Since its inception in 2008, CMMA has donated

over \$193,000 to local schools for workforce development and industry-related educational programs. Your involvement in the golf social not only contributes to this legacy but also strengthens our community's future.

Come enjoy a fun-filled day of golf, networking, and making a difference. Secure your spot today and help us drive the success of manufacturing education in our region!
